PROFESSIONAL SUMMARY

Web and Mobile Application Developer with 3+ years of experience in React.js and React Native, delivering scalable, high-performance applications across platforms. Strong expertise in front-end development, JavaScript, TypeScript, Node.js, MongoDB, API integrations, real-time data systems, and performance optimization, with working knowledge of AWS services, and a proven ability to build pixel-perfect, user-centric interfaces and maintainable architectures for production-grade products.

TECHNICAL SKILLS

- | | | | | |
|-----------------|------------------|---------------------|--------------|---------------|
| • React.js | • React Native | • JavaScript (ES6+) | • TypeScript | • Expo |
| • Redux | • Redux Toolkit | • HTML | • CSS | • Material UI |
| • Bootstrap | • RESTful APIs | • GraphQL APIs | • Node.js | • MongoDB |
| • AWS (EC2, S3) | • Firebase | • Amazon Chime SDK | • Sentry | • Git |
| • AdMob | • Victory Native | | | |

EXPERIENCE

If Else Cloud - Senior Platform Engineer - Mobile

July 2025 - Jan 2026

- Responsible for defining mobile platform architecture, UI standards, and reusable component strategy across applications.
- Project: Manufacturing Industry App**
 - Leading development of a **React Native** and **TypeScript** manufacturing application with **pixel-perfect UI** strictly aligned to Figma designs.
 - Built and maintained a **monorepo based reusable component library**, ensuring UI consistency and faster feature development across the app.
 - Implemented **custom UI**, interactive **charts**, and smooth **animations** to present manufacturing data clearly and effectively.
 - Collaborated with designers, backend engineers, and product teams, while contributing to **project management activities** to deliver production-grade, industry ready features on time and within scope.

Anveshak Technology and Knowledge Solutions - Sr. Software Development Engineer

Aug 2022 - June 2025

- Delivered real-time web and mobile applications used by 500+ active users, while mentoring junior developers, enforcing code quality, and contributing to **cross-team coordination** to ensure smooth and timely feature delivery.
- Project: Real-Time Video Communication Platform (MERN Stack)**
 - Upgraded an existing **React.js** codebase to improve UI responsiveness, application stability, and troubleshooting of production issues, resulting in a 30% improvement in overall UI performance.
 - Designed **Node.js** and **Express.js RESTful APIs** with **MongoDB** and integrated them into the React.js frontend to manage users, meetings, and real-time collaboration workflows.
 - Utilized **Amazon Chime SDK** to enable **high-quality real-time video conferencing and live chat** features within the web application.
 - Created a **real-time collaborative whiteboard** using **Fabric.js** and **WebSockets**, allowing multiple users to draw, edit, and interact simultaneously.

InfoVision Inc. - Software Developer Intern

Feb 2022 - Jul 2022

- Developed responsive and **dynamic websites** using React.js, CSS, Bootstrap, and JavaScript.
- Learned and applied modern frontend frameworks to build **user-friendly, responsive**, and well-structured user interfaces.

EDUCATION

Pune Vidyarthi Griha's College of Engineering and S. S. D. Institute of Management

Aug 2019 - Jul 2022

Bachelor of Engineering: Information Technology - CGPA: 8.59/10

Nashik

Matoshri Aasarabai Polytechnic

Aug 2016 - Jul 2019

Diploma: Information Technology- Percentage: 75.06%

Eklahare, Nashik

ACHIEVEMENTS

- Technical Excellence Award (2023)** at Anveshak Technology and Knowledge Solutions for delivering high-quality, scalable software solutions.
- Star Performer of the Month (July 2023)** at Anveshak Technology and Knowledge Solutions for outstanding performance and significant project contributions.
